

INSUB META ORCHESTRA
[Cyril Bondi & d'incise]

Autonomous melodies (2016)

15'

Each musician plays his own and chaotic melody, on an ever changing tempo, with only three notes, C, C#, D. After about 10 minutes, a F# can be added.

Each musician stays on a chosen octave.

This piece is played relatively loud.

Beginning and end are not cued, the music/orchestra should self-inflate and deflate on a few seconds on its own.
