**CHEER NO LEADERS**  
 2020

For two musicians  
*(Ryoko Akama & d'incise)*

Twelve sets of dot patterns, lasting 2 minutes each, to be read left to right, top to bottom. Within each set and 2 minute time frame, every dot pattern is played once, in any order. The way to interpret the patterns are individual, but the strategy must be kept all along the piece, although the instruments or sounds may vary at will.

In each set there is one highlighted pattern, identical for both players. During all the piece the highlighted pattern must be played with a distinctive and recurring sound.

*(More agreements can be done between the musicians.)*
